Welcome! Follow the steps on the next pages — it takes about 2 minutes.

Free street parking is available anywhere along Federal Ave (overnight is fine). Please check the posted street-sweeping signs and avoid those hours. Do NOT park in the driveway — it is reserved for the host.

Walk up toward the house

Walk along the sidewalk toward the house. Head to the LEFT side of the property, where a walkway runs between the two houses.

Find the walkway on the left

On the left you'll see a paved walkway leading back, with a brown wooden gate at the end. Head straight for that gate.

There are two gates side by side. YOURS is the brown painted wood gate with the brown mailbox marked “2526” on it. (The other gate is the neighbor's.)

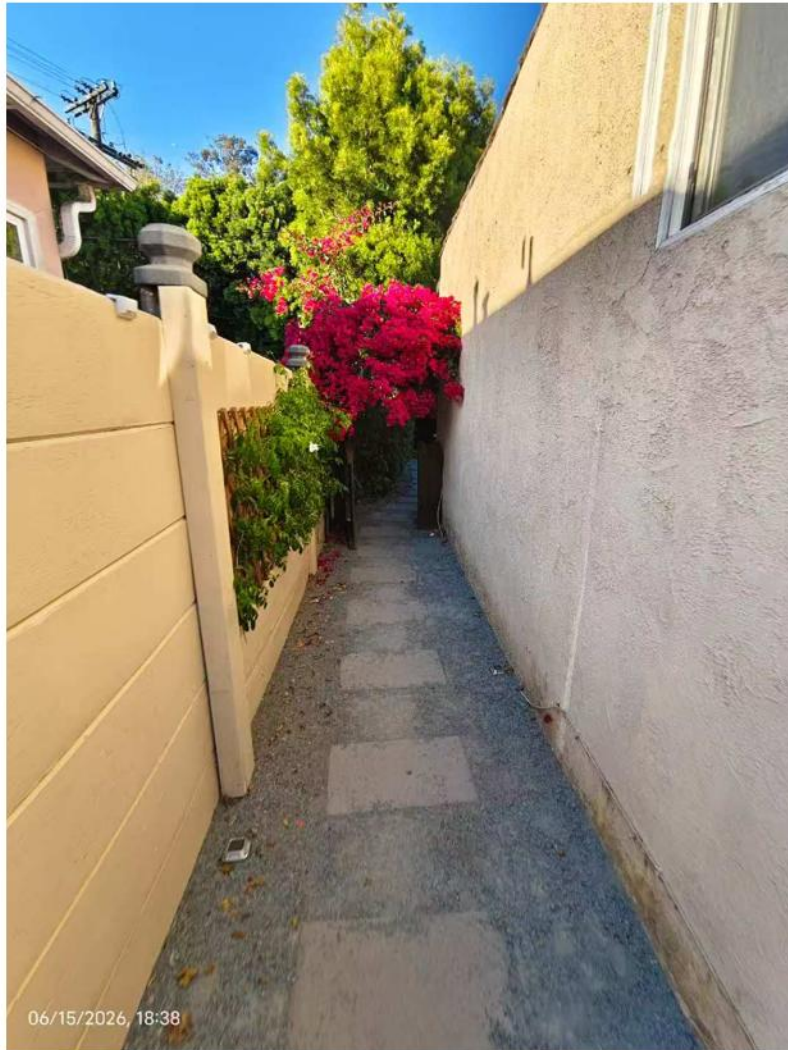

Open the gate

The gate has a keypad lock, but no code is needed — simply turn the handle/lever to the right and push the gate open. Close it behind you.

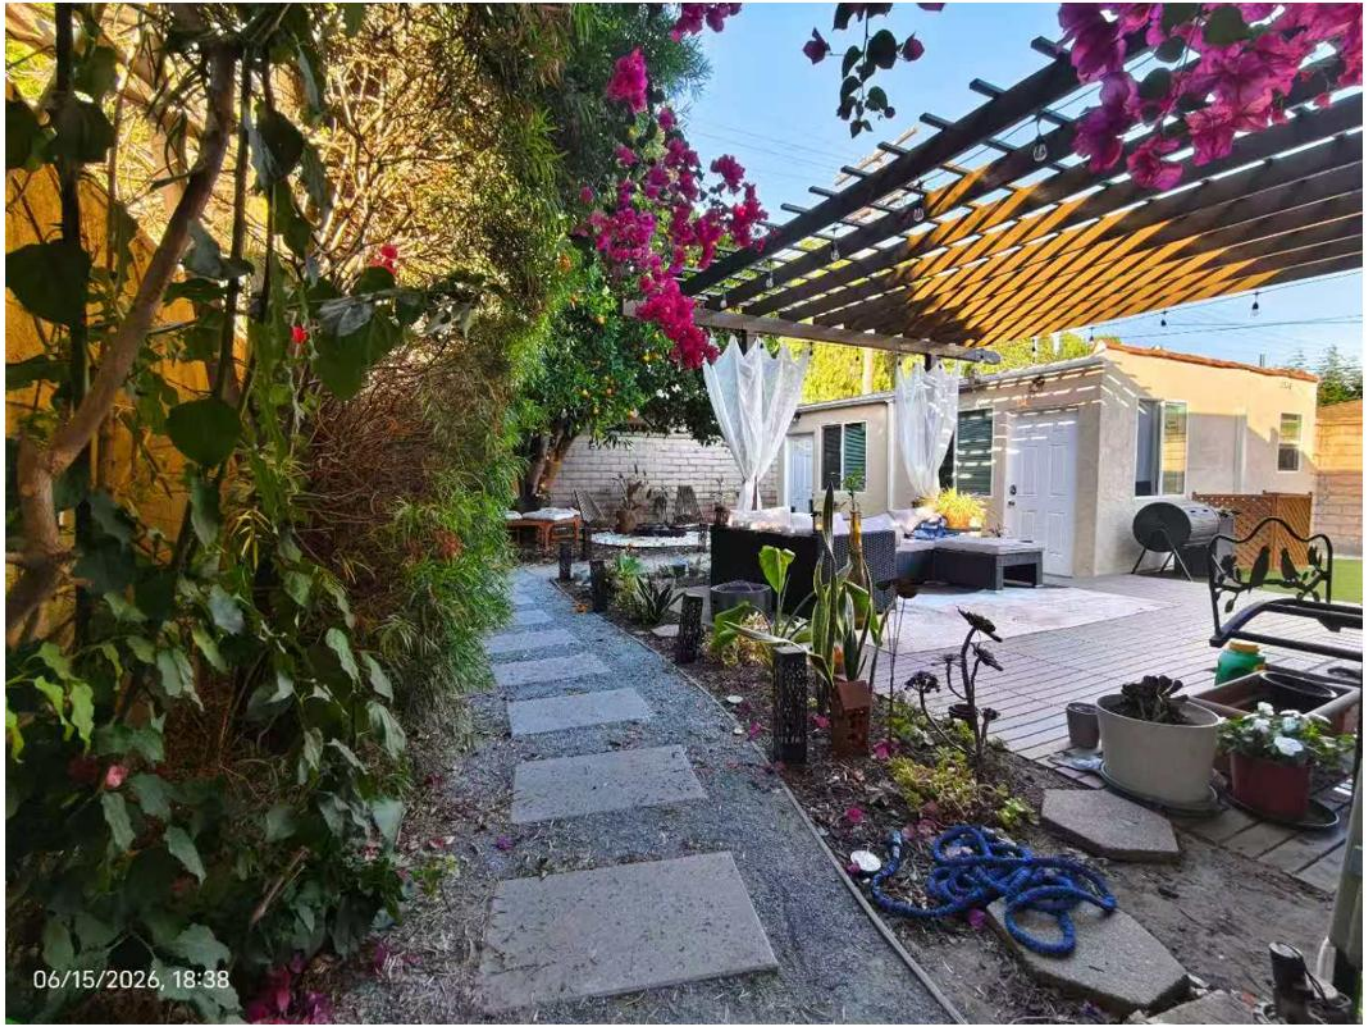

Follow the stone path

Walk the stone path along the side of the house toward the backyard. You'll pass the blooming bougainvillea — keep going straight.

Arrive at the backyard

The path opens into the backyard patio with the pergola and lounge. The studio (ADU) is ahead. It has TWO doors side by side — yours, Unit A, is on the LEFT.

Find your door — Unit A (left)

Go to the white door on the LEFT (as you face the studio), the one with the silver keypad deadbolt. (The right door is the other unit.)

Enter your code on the keypad

- 1) Press the top button (lock icon) once — the number keys light up.
 - 2) Type your 4-digit code: 7 1 8 0
 - 3) Press the top button again. Wait a few seconds for the motor.
 - 4) Three beeps = unlocked. Turn the handle and come in!
- (See the short video link for a live demo.)

You're in — welcome home!

Make yourself comfortable. Inside you'll find the A/C remote, kitchenette, and fresh towels in the bathroom. Step out to enjoy the garden anytime.

Locking up when you leave: just pull the door closed (it auto-locks), or press any number key for ~2 sec until you hear 3 beeps.

Before you check out (by 10 AM)

Just a few quick things — no deep cleaning needed:

- Wash any dishes/kitchenware you used and put them back where you found them.
- Put used towels in the laundry basket on top of the closet.
- Leave the bed as-is — no need to strip the sheets or touch the duvet/comforter.
- Turn off the A/C and close the windows.
- Take any trash to the bin.
- Pull the door closed so it locks (or press any key ~2 sec for 3 beeps), then turn the gate lever to exit.

Thank you so much for staying with us — safe travels!
